

**KUSH COMA** Streetwear was created in Thessaloniki/Greece in 2013.

We provide Streetwear for people who follow their own path,  
stay focused on evolving themselves  
and don't pay attention to the negative noise around them,  
all while maintaining their own unique and fresh style,

Our gear brings together people from the alternative lifestyle, the tattoo artists  
and lovers, the people who are not afraid to express themselves and create new rules.

***It's not a Brand, it's a Movement.***
